ALLOCATION

100% Equity; exposure to 25 individual stocks developing innovative cancer treatments, diagnostics, medical technologies, and related healthcare solutions

OBJECTIVE

Capital Appreciation

The Inspire Select Cure Cancer Model consists of a concentrated portfolio of 25 individual stocks representing companies developing innovative cancer treatments, diagnostics, medical devices, and related healthcare technologies. The model is designed to complement a broader investment portfolio by providing targeted exposure to the cure cancer investment theme, rather than serving as a standalone investment strategy. It is managed using a systematic, rules-based methodology and is rebalanced at the beginning of each calendar quarter to maintain alignment with its investment process and investment objective.
